Blk 9 Lot 14 Atrium St. Maligaya Park Subdivision, Brgy. Pasong Putik Proper,
Novaliches, Quezon City

Motivated Bachelor of Science in Information Technology graduate (Cum Laude) specializing in networking, cybersecurity, and IT support. Experienced in troubleshooting office hardware, maintaining network connectivity, and managing systems analysis through real-world deployment. Passionate about securing digital environments and optimizing operational workflows, with a strong creative foundation in front-end development and UI/UX design. Currently seeking a professional role to apply and expand this technical expertise while contributing to impactful, security-focused projects.

TECHNICAL PROJECTS

Automated Recyclable Waste Verification with Points Allocation and Reward System (Embedded System)

Project Manager & System Analyst

- Designed the end-to-end system workflow and defined technical requirements for the capstone project.
- Managed operational logic for material input and reward redemption architectures.
- Directed real-world deployment including the establishment of maintenance protocols.

Smart Motion-Activated Security System (IoT Project)

Arduino & IoT Developer

- Engineered motion detection systems using Arduino/C++ and integrated IoT notification alerts.
- Managed end-to-end hardware architecture, including sensor integration and peripheral connections.

Barangay Old Capitol Site Management System

Front-End Developer & UI/UX Designer

- Designed intuitive, user-centric interfaces using Figma.
- Developed front-end features using HTML, CSS, and JavaScript with Visual Studio Code.

UYA Blooms – E-commerce Flower Shop Website

Full-Stack Developer

- Designed and developed a responsive e-commerce interface using ASP.NET Web Forms and C#.
- Managed database architecture and data integrity using SQL Server Management Studio (SSMS).

CERTIFICATIONS AND ACCREDITATIONS

- **IBM SkillsBuild**
 - AI Fundamentals (March 2026)
- **Cisco Networking Academy:**
 - Network Defense (April 2026)
 - Introduction to Data Science (Feb 2026)

- Introduction to Cybersecurity (Feb 2026)
- Exploring/Getting Started with Cisco Packet Tracer (2023)
- **Professional Seminars:**
 - IGNITE Summit 2025 – Quezon City University Certified
 - Alibaba Cloud System – She++ Masterclass Certified (2025)
 - Ethical Hacking Demonstration & Cybersecurity Seminar (2025)

EDUCATION

Quezon City University Bachelor of Science in Information Technology (Cum Laude)	2022 – 2026
Lagro High School STEM - Science, Technology, Engineering, and Mathematics (High Honors)	2020 – 2022

WORK EXPERIENCE

Freelance Model & Content Creator Various Brands & Collaborations	2020–Present
● Produced high-engagement multimedia content for diverse brand campaigns. ● Managed end-to-end creative projects, collaborating with photographers, stylists, and production teams.	
IT Intern (Practicum) Mitzy Travel and Tours Inc.	2025–2026
● Provided IT support, including hardware/peripheral troubleshooting and network cabling. ● Maintained database integrity through precise data entry and technical proofreading.	
Social Media Manager Medieval MNL & Himawari PH	2023 – 2025
● Executed integrated marketing strategies through high-quality visual content production. ● Monitored social media analytics to optimize brand identity, audience engagement, and reach.	

ADDITIONAL SKILLS

- Networking & Systems: Skilled in network administration, system troubleshooting, and ethernet cabling.
- Cybersecurity: Knowledgeable in security principles, threat mitigation, and data protection practices.
- Database Management: Experienced in SQL Server Management Studio and technical data organization.
- Hardware Integration: Proficient in Arduino, sensor integration, and peripheral maintenance.
- UI/UX Design: Experienced in prototyping and design using Figma, Framer, and Canva.
- Office Productivity: Proficient in Microsoft Office Suite (Word, Excel) and Google Workspace.

CORE COMPETENCIES

- Strong communication and interpersonal skills.
- Leadership and teamwork abilities.
- Able to work efficiently under pressure.
